

Endoluminal Surgery Masterclass

DiLumen® Endoluminal Interventional Platform –
Advanced Polyp Resection & Live Case Transmission

Friday, 24 July 2026

Hosted by

King's College Hospital

Mr. Aryn Haji, Consultant Colorectal
Surgeon & Interventional Endoscopist

Industry Partner / Sponsors

Lumendi & Micro-Tech Endoscopy

Course Overview

A one-day hybrid masterclass dedicated to the DiLumen Endoluminal Interventional Platform (EIP) for advanced colonic polypectomy, EMR and ESD. The programme combines expert-led lectures with curated video tips and tricks, a live transmitted case from King's endoscopy suite, and two parallel hands-on simulation stations. Delegates will leave with a clear framework for case selection, set-up, and the safe management of complex right-sided and difficult polyps — with an ongoing pathway to live remote mentorship through Mentix for their first independent cases.

Date & Time: 9:30 – 16:00 (BST) / The virtual meeting room opens at 11:00 h

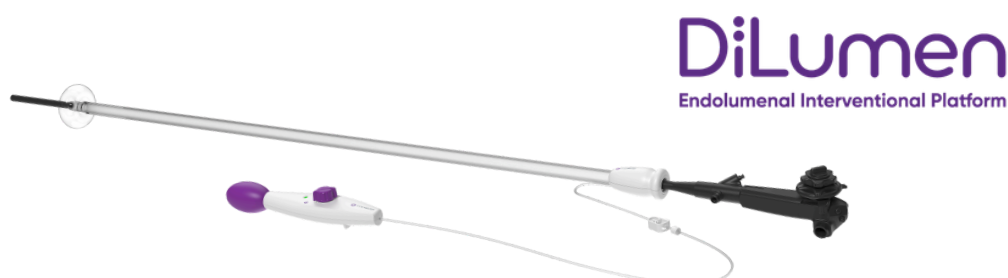

Venue: SAIL Centre, Weston Education Centre, King's College London, Denmark Hill SE5 9NU, UK

Learning Objectives

- Understand the design principles, indications, and limitations of the DiLumen platform devices.
- Apply structured case selection for difficult polyps, including right-sided and ileocaecal lesions.
- Master device set-up, balloon stabilisation and lesion access.
- Develop technical skill in DiLumen-assisted EMR and ESD through video tips and hands-on practice.
- Recognise, prevent and manage intraprocedural complications.
- Plan post-course follow-up with Mentix live teleproctoring for the first independent in-vivo cases.

Course Faculty

- Mr Aryn Haji MA MBBChir MSc MD FRCS FJGES — Consultant Colorectal Surgeon & Interventional Endoscopist, King's College Hospital; Course Director
- Mr Andrew Emmanuel — Consultant Colorectal Surgeon & Interventional Endoscopist, King's College Hospital.

Time	Session	Faculty	Format
09:30 – 10:00	Registration, refreshments and faculty welcome	Faculty & delegates	Welcome
10:00 – 10:10	Welcome, course introduction and learning objectives	Mr Aryn Haji	Plenary
10:10 – 10:30	DiLumen® EIP – device overview, set-up and rationale for endolumenal stabilisation	Industry faculty (TBC)	Industry
10:30 – 11:00	EMR with DiLumen – tips and tricks (annotated video session)	Mr Andrew Emmanuel	Lecture + Video
11:00 – 11:30	Difficult and right-sided polyps – case selection, lesion characterisation and decision pathways	Mr Aryn Haji	Lecture
11:30 – 11:45 · Coffee break and faculty Q&A			
11:45 – 13:00	LIVE CASE: DiLumen®-assisted complex polypectomy / EMR – transmitted from King's College Hospital endoscopy suite, with live commentary, audience Q&A and roving moderator	Operator: Mr Aryn Haji Moderators: Mr Andrew Emmanuel + guest faculty	Live Transmission
13:00 – 13:45 · Lunch, networking and industry exhibition			
13:45 – 14:15	ESD with DiLumen – tips and tricks (annotated video session)	Mr Aryn Haji	Lecture + Video
14:15 – 14:35	Managing complications – bleeding, perforation, post-polypectomy syndrome and when to convert	Mr Andrew Emmanuel	Lecture

Time	Session	Faculty	Format
14:35 – 15:45	Hands-on simulation – two parallel DiLumen® stations Rotating in two 35-minute slots; small-group ratio of 10–15 delegates per station. Station A – DiLumen® EZ Glide set-up, dual-balloon deployment and instrumentation Station B – DiLumen®-assisted EMR / ESD on ex-vivo colon model	Faculty: Mr Aryn Haji, Mr Andrew Emmanuel	Hands-on Lab
15:45 – 15:55	Beyond the course – live remote mentorship for your first independent DiLumen cases via Mentix teleproctoring	Mr Aryn Haji (Mentix)	Pathway Talk
15:55 – 16:00	Closing remarks, CPD certificates and course evaluation	Faculty	Close

Format & Logistics

- Delegate capacity: 20–30 places (hybrid — in-person attendance with online live-stream option for remote delegates).
- Hands-on lab: 2 DiLumen® simulation stations, rotating in two 35-minute slots; small-group ratio of 10–15 delegates per station.
- Live case: transmitted from King's College Hospital endoscopy suite to the SAIL Centre auditorium and to the online audience, with two-way audio for moderated Q&A.
- CPD accreditation: application in progress with BSG, ACPGBI and RCS England (target: 5 external CPD points).
- Dress code: smart casual; scrubs provided for hands-on stations

Registration

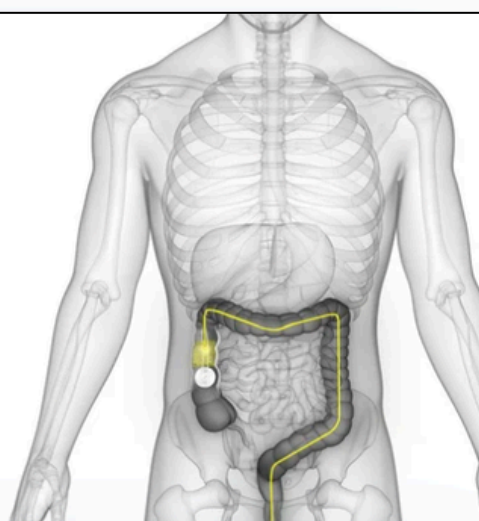

Scan the QR code to register.

The form allows you to register either for in-person attendance or for participation via the live stream as a remote delegate.

Date & Time: Friday 24 July 2026, 10.00 - 16.00 (BST)

Venue: SAIL Centre, Weston Education Centre, King's College London, Denmark Hill SE5 9NU, UK
